The side altars honoring the Sacred Heart of Jesus and Virgin Mary (above) are intact. Many brides married at MBS will remember setting flowers at the altar to Mary during their wedding. The large window depicting the Disciples at Emmaus (below) has been restored and installed in the priest's sacristy.

MBS parishioners will remember the statue of Our Lady of Fatima, which was located between the church and rectory. It now graces the entrance of the St. Bede Parish Center.

The beautiful paintings of the Stations of the Cross from MBS have been restored by St. Bede parishioner Ed Rogowski, and now once again on display to be admired by a new generation of parishioners.

The relief sculpture which features the Last Supper has been placed into a new marble altar at St. Bede the Venerable Church.
